Welcome Back to Term 3

Welcome back to all of our students, families and staff for Term 3!

We hope everyone enjoyed a relaxing and refreshing holiday break. It has been wonderful to welcome our students back and hear all about their holiday adventures. As always, Term 3 is shaping up to be a busy and exciting one at Romsey Primary School. We encourage families to regularly check the Compass Newsfeed to stay up to date with the many events, activities and important information being shared throughout the term.

An Important Dates document was distributed at the end of last term and is attached again to this week's newsletter for your convenience. There are many exciting opportunities for our students to look forward to, including Camp Quality puppet shows, science incursions, our whole-school disco, Father's Day celebrations and, to finish the term, Year 5/6 Camp.

2027 Prep Enrolments

It has been a pleasure meeting prospective families during our recent school tours and information sessions and sharing what makes Romsey Primary School such a wonderful place.

If you, or someone you know, is considering enrolling a child for Prep in 2027, enrolment packs are now available from the school office.

Upcoming Information Session

Monday 24 August

School Tours

Available by appointment through the school office.

We encourage families to submit enrolment applications by the end of Term 3 to ensure they receive all transition information and can participate in our Term 4 transition program.

Important **INFORMATION**

Chickenpox (Varicella) Notification

We have been advised of **one confirmed case of chickenpox (varicella)** within our school community.

Chickenpox is a highly contagious viral illness that commonly causes a fever, tiredness and an itchy blister-like rash. Children are contagious from **1–2 days before the rash appears until all blisters have dried and formed crusts (scabs)**.

In accordance with the **Victorian Department of Health School Exclusion Table**, students diagnosed with chickenpox **must remain at home until all blisters have dried**. This is usually **at least 5 days after the rash first appears** (and may be less for previously immunised children if all blisters have dried). Students should also be well enough to participate in normal school activities before returning.

Please keep your child at home if they are feeling unwell or develop symptoms such as:

- Fever
- Feeling tired or generally unwell
- An itchy rash that develops into fluid-filled blisters

If your child is diagnosed with chickenpox, please notify the school as soon as practical.

For more information, please visit:

[Victorian Department of Health – School Exclusion Table](#)
[Better Health Channel – Chickenpox \(Varicella\)](#)

Thank you for your support in helping keep our school community healthy.

Keeping Medical Information Up to Date

Health and Medical Action Plans

The safety and wellbeing of our students is a priority at Romsey Primary School. To ensure we can provide the best possible care, we ask families to help us keep all medical information current and up to date.

Asthma

If your child has asthma, please ensure the school has a current Asthma Action Plan and that any prescribed medication, including reliever puffers and spacers, is supplied and clearly labelled. Please notify the school if there are any changes to your child's asthma management.

Allergies and Anaphylaxis

Students with allergies or anaphylaxis require accurate and up-to-date medical information to ensure appropriate care can be provided if needed.

We are currently reviewing our Allergy and Anaphylaxis Action Plans. If your child has an Allergy Action Plan or ASCIA Action Plan for Anaphylaxis on file that has passed its review date, we ask that families review the plan and advise the school of any changes.

If there have been changes to your child's condition, treatment or emergency management procedures, please provide an updated plan completed by your child's doctor. If there have been no changes, please contact the school office to confirm that the current plan remains accurate and can remain on file. If the plan is no longer required, please let us know.

Congratulations to all of our recent Toot Toot award recipients !

THE Camp Quality PUPPETS ARE COMING!

"IT TOOK AWAY THE STIGMA AND FEAR OF CANCER...HAVING A BETTER UNDERSTANDING OF THE DISEASE HAS CERTAINLY INCREASED EMPATHY IN THE OTHER CHILDREN TOO" – SCHOOL PRINCIPAL

The Camp Quality Puppets have been teaching kids about cancer for over 30 years, with an entertaining show offered free to schools and Early Learning Centres right across Australia.

The whole school becomes better equipped to deal with cancer in their families and community, and the program is proven to ease kids' transition back to school following treatment.

Developed in line with Australian and State-based curricula and the Early Years Learning Framework, the program includes lesson plans, classroom activities and our Talking About Cancer guide.

The Cancer Education Program comprises three shows:

The Buddy Bench ELC (30 mins)

Kylie has cancer. She feels nervous about returning to school and looking different, following her chemotherapy treatment. With a little bit of help from her friend Dean, will Kylie find her confidence again?

Brave Ariel Lower Primary (30 mins)

Ariel has a brain tumour. How will she explain to her schoolmates why she has lost her hair, and why she can't go to Lucy's birthday party?

The Big Move Upper Primary (60 mins)

Siblings Tom and Ariel's lives are turned upside down when they move to the city for Ariel's cancer treatment. It's a big adjustment for everyone. Will it work out in the end?
